

# Help Preserve the Historic Fieldale Iron Bridge!

A truss from the Fieldale Iron Bridge will soon be used as Trail Art along the Fieldale Trail, and you can help preserve this important piece of local history!

How?

Purchase a plaque to be mounted to the bridge  
in honor or memory of a loved one.

All donations are tax-deductible and proceeds will be used for the costs associated with transporting, cleaning, and mounting the bridge truss alongside the trail.

With your support, this section of the Fieldale Iron Bridge will be preserved so it can be remembered and for future generations to enjoy.
